

Foil Printed Business Cards

- SPECIALS -

These business cards are produced using a metal printing plate which enables a greater range of card types to be used. The set-up cost of producing a printing plate is £15.00 This is a one-off charge as the printing plates are kept for a guaranteed minimum of 3 years in order to re-print subsequent orders.

Prices are shown for a single colour print (including metallic gold etc.) on one side of the card.
